DETAILED ACTION

Allowable Subject Matter

1. Claims 8 – 18 are allowed over the prior art of record.
2. The following is a statement of reasons for the indication of allowable subject matter:
Yoo substantially discloses the claimed invention. Yoo does not teach, suggest or disclose “forming several of first spacers on sidewall of the first trench; using the first spacers as an etching mask and etching the first top dielectric layer and the charge trapping layer for forming a second trench; removing the spacers.” It would be improper hindsight to argue that Yoo can be modified into having sacrificial spacers inside the trench.
